

DesignING
 REVIEW

Abbracci, by Lorenza Bozzoli for **Ghidini1961**, is a curved sofa with a padded seat in variable-density polyurethane rubber, covered in Nabuk leather. The base is formed by aluminium tubing with a brass finish. **Curvy Sofa** by Paola Navone for **Casamilano**, a sofa with sinuous lines, internal wooden structure, variable-density expanded polyurethane filler, and elastic belting. Covered in fabric (removable) or leather. Chair from the **Oltremare** collection designed by Antonio Marras for **Saba Italia**, with asymmetrical wave-profile back, structure in painted metal, fabric covering.
